## Lebanon Ualley College Annville, PA 17003 Volume 83

## Lasting Impressions

$\mathfrak{T}$
The campus of Lebanon Ualley College thrives on the talents and special gifts possessed by its students. Although it may seem impossible, each year, as new students move to campus and join the LUC family, their new home becomes more pleasantly different than it was only a few months before. And, as the upperclassmen prepare to enter their new lives, they begin to leave the last bits of their influence, ideas and personalities with the school. TDithout these students, from the past, present, and future, Lebanon Calley would not continue to hold the unique character that draws such love from its people. Undoubedly, both the students and the school continuously provide one another with energy and positivity, and in many ways, with incredibly strong "lasting impressions," that can, and will, be embraced for centuries. - Carrie E. (1). Stull

## Student Life

Each vear', the campons community is entertained and informed by the students who get involved. These events and activilies are successes due to the hard work of talented and dedicated students. And as these stulents plan each project. they learn the lessons only these kinds of experiences call bring. These experiences become wonderful memories to carry into the finture.

In the past vear. IVC has had the privilege of hosting successfinl Homecoming and Spring Arts Weekends, Inree quality produclions in the thealer, a well-cmjoved and well-allemded Children’s Day, as well as many olher special events such as Math Olympics and Wellness Week. It is truly the dedication of the students who plan and carry out these events, which are able to leave such lasting impressions on the campus and commmmity.

- Julie Repman and Carvic L. V. Stull

Lasting Impressions

## Freshman Orientation

## Lebanon Valley Welcomes Students

A$s$ the members of the Class of 2001 slowly streamed onto the campus, they began to experience some of the most memorable moments of their time at LVC.

The new students spent the morning moving into their rooms and getting to
know their roommates, and before long migrated to Miller Chapel, where they were welcomed to the campus by the faculty.

The high point of the day for everyone, was "Playfair," an event packed full of cooperation games and ice-breaking tasks. - Carrie L. M. Stull

Keister Hall Staff members, Amy Borders, Comell Wilson, Andy Stoner, Holley Dobson, and Melissa-Ann Pero, prepare to help their freshman residents move into the dorm.

Following the tradition from years past, on Saturday afternoon, President Pollick addresses the students and their families at the Opening Convocation in Miller Chapel.

College Administrators, upperclassmen, and community members alike welcome the new students to the campus during the Convocation.

The students walk through the path made by their professors and advisors, an event that will take place only one other time, at their Commencement Ceremony.

$\sigma$

Brock Kerchner and Kelly Roth wait for their nevt set of instructions for the game that they are playing.

Freshman Pat Bowman familiarizes himself with the campus.
During Playfair, the students are asked to volunteer to poin the "Playfair Lady" on the stage.

## Activities Fair

## Clubs Recruit New Members

Once again, early in the fall semester, the Student Activities Organizes the Activities Fair, as an opportunity for all of the clubs and organizations on campus to both show the new students who they are and what they are about, and to hopefully recruit
many new members
The fair is an excellent way for students to get to know more about the campus, because it helps them find those that they are most interested in, ranging from fraternities to religious organizations to academic clubs.

- Carrie L. M. Stull

Sophomores Heather Strunk and Ken Horst hope to find new musicians to join their Contemporary Christian group, HIS.

During the Activities Fair, President Pollick takes a stroll through the booths to see the displays set up by the various clubs and organizations.

MENC members, Beth Golias, Amy Schimpf, and Meredith Price seek out the newest music majors on campus, to influence them to join the group.

Leslie Gardiner, a Phi Sigma Sigma sister, takes the time to answer questions about the sorority and its purpose.

Dr. Arthur Ford, and active member of the International Student Organization, participates in the Fair, to help gain publicity for the group

Sigma Alpha lota sisters, Lisa Fasold, Lori Moyer, Melissa Rhodes, Kristin Chandler, Carrie Clinton and Jennifer Barna demonstrate their sisterhood, while at their display table.

## Talent Show

## Students Perform in BCC Show

M
ulti-talented students joined together on the evening of Friday, October 3, to perform in the Black Culture Club's 4th Annual Talent Show. Comedienne Katsy Chappell hosted the event which featured a juggler, two bands, dancers
and several singers, songwriters and instrumentalists.

Cornell Wilson, a judge said, "Since I've seen every talent show I believe this one had the most combined talent ever."

Prizes given for third, second, and first places were distributed as follows: Third Place, Matt

Grzywacz; Grzywacz performed a juggling act. Second Place, Kimbrin Cornelius and Dawnie Weiser; On piano, Cornelius accompanied Weiser signing "Winter." First Place, Eva Saunders; Saunders sang the spiritual "His Eye is on the Sparrow." - Jennifer Yocom

In another one of the musical acts of the evening, guitarist Matt Stone plays for Holley Dobson, as she prepares to sing.

First Place winner Eva Saunders said, "I was shocked. After hearing about the show at the first Black Culture Club meeting, I didn't think it was a big deal; then I started getting really nervous today. I never thought I'd win. I just thank God, He's showing me 1 have got to have faith."

Senior Mike Washkevich plays the guitar while Erin Hutcheson and Yvonne Shepherd sing.
a o oren ato

Once again, Dawn Weiser brings her unique vocal talents to the stage and thoroughly entertains the audience.

Che entrance gates to the Peace Garden ure located between Vickroy and Center Halls.

Dean Gregory Stanson speaks at the ledication ceremony during fomecoming Weekend

# Peace Garden 

## Garden Expected to Beautify Campus

LVC is under construction and rumored plans of expansions are buzzing across campus, but few students are aware of the actual magnitude of renovations until they are completed.

The Peace Garden behind Vickroy Hall is the first project to be completed. This garden is more than
merely flowers and shrubbery. A fish-filled pond, stone patio, ducks, and "Hot Dog Frank" statue will make the spot more than an ordinary garden.

To preserve this area of beauty the college is creating a full-time position available for a grounds person who will be in charge of maintaining the garden. In addition to these measures, campus security
will include the Peace Garden in their nightly rounds. President Pollick added, "1 truly hope students will care for the environment as well."

A celebratory dedication of the new Peace Garden legendary "Hot Dog Frank" statue will take place during Homecoming weekend, October 18. - Cori Rife

The bridge and the pond are beautiful features in the Peace Garden.

## Homecoming

## Traditional Event a Success

GTeorgous fallen leaves and crisp, fresh air greeted the family members and friends who visited Lebanon Valley College during Homecoming Weekend.
It was a weekend filled with traditional
events, such as the football game, crowning of the Homecoming Queen, and an excellent performance from the LVC Marching Band. Visitors were also able to visit the new Peace Garden.

- Carrie L. M. Stull

Melissa Adam

Jocelyn Norton

Erin Buffington

Beth Paul

Cori Nolen

Yvonne D'Uva, the 1996 Homecoming Queen, returns to campus to participate in the crowning.

Members of the LVC Marching Band perform during the halftime show, after the crowning of the Queen.

The 1997 Homecoming Court poses with their escorts for a group shot.

Beautiful autumn weather welcomed Homecoming Weekend on the Lebanon Valley College campus.

In addition to the traditional festivities, the Peace Garden was dedicated in a separate ceremony

Students, LVC Alumni, parents, and guests fill the stands to watch the football game.

President Pollick joins the Homecoming Court on stage.

## "Steel Magnolias"

## Southern Belles "Steel" the Show in Leedy

$T$he Wig and Buckle Society's season got off to a running start with the opening of the play, Steel Magnolias, by Robert Harling. This much loved story of the triumphs and tragedies of six Southern women is being directed by Wayne Knaub and Carrie Stull, and features some of everyone's favorite faces from previous produc-
tions. The cast includes Lisa Epting and Brooke Johnson as M'Lynn and Shelby, the dynamic mother/daughter duo; Kate Laepple as Truvy, the salon proprietor with a heart of gold and an ear for gossip; Jen Yocom as Annelle, the new girl in town with a past that everyone's talking about; Julie Repman as Clairee, the town's beloved matriarch; and

Gwen Lawson as the indescribable Miss Ouiser. Freshman Annie Davis was the understudy
'Everybody has been working really hard, and we've been having a lot of fun. The cast has been working outside rehearsal time to research their characters...l'm very pleased with what I see," says director, Knaub.

- Danielle Boileau

Shy and intimidated, Annelle waits anxiously as Miss Truvy decides whether or not she will hire her to work in the beauty shop.

Shelby (Brooke Johnson), who is preparing for her wedding ceremony bater that day, meets Annelle for the first
time.
Miss Clairee (Julie Repman), M'Lynn, and Truvy immediately jump into action when they realize Shelby has gone into diabetic shock. Annelle, confused and scared, offers to call the doctor

During her visit to the beauty shop, Clairee and Truvy exchange recipes and gossip about many things, including the "new girl," Annelle.

# National Collegiate Alcohol Awareness Week 

 Students Earn Prizes for Giving Up AlcoholD
uring the week of October 27th - October 31st, LVC students participated in the annual Alcohol Awareness Week. The Committee, complete with students and members of the Student Services Staff,
planned entertaining events for students who agreed to take the pledge and not drink alcohol for the entire week

Programs such as "How to Maximize Your Buzz," and "Virtual Reality Goggles" kept the students occupied for
five days.
The week was wrapped up with a reception for those who successfully completed the "alcohol-free" challenge and were wearing their blue wrist bands throughout the week. - Carrie L. M. Stull

Rick Beard, Coach Murray, Cornell Wilson, Professor Barney Raffield, Danielle Boileau, Cori Nolan, Gus Merkle and Andy Panko are only some of the LVC students and faculty members who participated in Alcohol Awareness Week,

Dr. Stephen Specht speaks to a gathering of students about the use and abuse of alcohol.

## "Hello, Dolly!"

## Winter Musical a Smashing Success Despite Adversity

If you happened to be passing through Mund College Center early in the spring semester, then chances are, you witnessed what many of LVC's student actors and actresses have literally been sweating over.
Things were rough from the start - the second start, that is. After auditions for Grease, the originally scheduled Spring musical, director Carrie Stull learned the rights for the show had been revoked. By the time a new show as chosen and cast, the staff, including assistant directors Dan Post and Paul Vollberg, and music di-
rector Mel Adam, had lost at least a week of rehearsal time. That left only enough time for a few quick read-throughs before the cast went home for Winter Break.

When everyone returned for the Spring semester, the cast had to deal with impromptu stages in Faust Lounge and the Underground for rehearsals, when Leedy was in use. Scheduling the rehearsals themselves around the thirty-plus cast members and the eight person staff was no easy task.

In addition, members of the set crew had difficulties as well. Luckily,

Jack Gottschalk served as the technical director and was there to lend a hand and expertise in sticky situations to stage managers, Gene Kelly and Jon Pentecost. Throughout the whole ordeal, the cast never gave up.

Starring Leedy veteran Lisa Epting, Hello, Dolly! chronicles the wheelings and dealings of Jack-of-all-trades Dolly Levi as she attempts to marry everyone off happily - including herself.

Wayne Knaub, who directed this fall's production of Steel Magnolias also stars as the not-so-loveable feed shop
owner Horace Vandergelder. His amusing employees, Cornelius Hackl and Barnaby Tucker, are expertly played by Joshua Moyer and Jason Lausch. Kelly Roth plays Vandergelder's whiny niece Ermengarde and Matthew Green, her artistic beau, is Ambrose Kemper.

From Vandergelder's Hay and Feed Shop, located in Yonkers, New York, the action moves to the hat shop owned by the widow, Irene Molloy, songstress Lori Moyer. Freshman Ann Davis portrays her flighty assistant Minnie Fay.

- Ann Davis

In the opening number "Call on Dolly," Mrs. Levi (Lisa Epting) gives Ambrose Kemper (Matthew Green) one of her many business cards.

Horace Vandergelder (Wayne Knaub) tries to practice for the Fourteenth Street Parade, while his niece Ermengarde (Kelly Roth) wails in his ear.

Frustration builds as Vandergelder tries to give instructions to his goofy employees, Bamaby (Jason Lausch) and Comelius (Joshua Moyer).

Chorus member Robert Groves, spends time working late hours, to help the crew build the immense set.

While in rehearsal, Co-Choreographer, Kirsten Stowell works with Charlie Troxel, Nate Davis, and James Franklin, as they try to learn the infamous "Waiter's Galop.'

Later, in performance, the waiters and cooks tahe their orders from the Head Water, Rudolph Reisenweber (Andy Rimby), before they begin dancing.

In the Courtroom scene,
Cornelius gives his testimony to the Judge (Dr. Kevin Pry) as the Court Clerk looks on.

In the upbeat number "So Long, Dearie," Dolly says good-bye to Horace in an attempt to win him over.

# Math Olympics 

Post Founds Event for Fifth Graders

On Thursday, March 12th, sixty-three fifth graders from Our Lady of the Valley School entered the Arnold Sports Center, eager in anticipation of Math Olympics Day at LVC. Math Olympics Day, sponsored by the Math Club in conjunction with the Elementary Education Department, was an opportunity for children to work together and have fun, all in the context of mathematics. The children arrived in the morning and were split up into twelve teams,
each with an LVC student as a Team Leader. The teams earned points as they rotated to sixteen different events which combined mathematics and physical activity.

More LVC students, the Event Leaders, were stationed at each event to explain the rules and to give out points. The events were all tied in to the theme of the Olympics: Discus, Sprints, Shot-Put, Tennis, Archery, Table Tennis, Curling, Slalom, Hockey, Team Handball, Hurdles, Steal the Torch, and Olympic Number

Tag. Each event was set up differently and incorporated a variety of levels of mathematical thinking and problem solving.

Math Olympics Day provided a hands-on opportunity for children to explore valuable concepts ranging from basic math principles and creative problem solving to team work and sportsmanship. The most important lesson of the day, however, is that they had fun and enjoyed everything they did. - Dan Post, Founder

Amy Borders, Danielle Tucker, the Dark Blue Team and the Citrus Team celebrate a successful round of Olympic Number Tag.

At the Sprints Event, Steve Chernov watches as the Light Blue Team earns points.

Andy Rimby, Josh Lindeman and Aaron Maskery help the Dark Blue and Citrus Teams through Team Hand the Ball.

Sophomores Gwen Lawson and Erin Paxson help their teams overcome the Hurdles.

## Wellness Week

## Fun-Filled Activities with a Serious Purpose

Every vear Lebanon Valley dedicates a week to programs dealing with all types of health issues. This year's theme is "Mind-Body-Spirit," the three most important parts of total human well-being. A healthy mind can only function in a healthy body, and spiritual health keeps the body in harmony and at
peace.
"Wellness is very important to successful human development," said Kim Saunders, Wellness Week Committee Chairperson "There are three parts to wellness: wellness of the mind, body, and soul (hence the theme). Without all three of the components, your well-being is not complete.

Everyone is encouraged to participate in as many activities as possible. The strength in Wellness Week lies in the fact that it addresses so many different health issues. Students are sure to find at least one thing that they like and to which they can relate.
'It's very important to make the students aware of the different issues. At least this way they are made aware that there are different thoughts out there on health," said School Nurse, Julie Wolfe.

- Rayna Emily Schell

## Wellness Week Events:

Country Line Dancing Student vs. "Staff Basketball Game Tai Chi Workshops Yoga Workshops Handwriting Analysis Body Sculpting Massage Workshop Health Fair. Aerobic Boxing Condom Bingo

Maggie (Gwen Lawson) unloads her frustrations about their marriage on Jake (Nate Davis).

## "Jake's Women"

## Simon Play a Hit at LVC

The Neil Simon play entitled "Jake's Women" is the third and final play of the Wig \& Buckle Theater Society's productions of the year. This comedy, directed by Jody Jacobetz and assistant
directed by Julie Repman, captured its audiences with laughter and even a little bit of sadness.
"This play has been a wonderful way to complete my first year in the LVC theater," said Gene Kelly,

stage manager. "It makes you think and entertains you at the same time.

- Carrie L. M. Stull

'Jake's Women" is a play about a writer who always turns to the women in his life for help, his therapist, sister, first wife, current wife, daughter at two ages, and girlfriend. Whether on paper, in reality, or simply in his mind, the conversations that he has with these women manage to make him both neurotic and sane at the same time. Here, His first wife, Julie (Amy Borders), who died many years before, appears to him, as always, whenever Jake needs to escape from what is really going on around him.

Edith (Danielle Boileau), Jake's counselor, listens "sympathetically" to his problems.

In rehearsal, Nate Davis works with Emily
Martin, the understudy for Molly.

Molly at age 21 (Alicia Way) also does her bes to comfort her father in his time of need.

hi Sigma Sigma sisters Stacy Lavin and hea Roomet compete in the heelbarrow race.

1elissa Patterson and Danjelle Hall hold re limbo stick as their fellow greeks ne up to give it a try.

KE members work hard to bring down teir opponents in the tug-of-war event.

## Greek Week

## Greek Organizations Compete for First Place during Week Long Event

Each year the members of the fraternities and sororities at LVC join together and compete against one another and earn points, to see which group will place first. The week is packed full of events that never cease to entertain not only the greeks, but also the rest of the
campus.
This year, as before, there were tug-of-war, limbo, and arm wresthing contests, as well as hula hooping, pie eating and wheel-barrow racing. The contestants were the members of each group affiliated with Greek Counci]

- Carrie L. M. Stull

Members of the fraternities and sororities gather between Keister and Hammond Halls for some of the competitions.

The Clio sisters work hard to win the lip synch contest. Jocelyn Norton gives hula-hooping a try, hoping to win points for Phi Sig.

# Children's Day 

## Elementary School Students Once Again Visit the Valley

Children's Day has become an anticipated tradition at Lebanon Valley College. Each year, students from the Annville-Cleona School District are bussed to campus, so that they can participate in the activities that students in the LVC Eduction Department have
planned for them.
The goal of this day is to teach the children that education can be and is fun and entertaining, but it also always brings great joy to the Lebanon Valley College students who volunteer their time, energy, and ideas to the event. - Carrie L. M. Stull

A member of Rainbow Troupe, Dave Shapiro, participates in Children's Day

Elementary Education major Amy Borders one of the student volunteers who escorts the children from group to group.

Jen Hershey and Kelly Ulrich participate in one of the story'telling workshops.

onica Fitzgerald and Danielle Boileau volunteer their time and tell stornes to a large group of childrem.

## Spring Arts Festival

## Alumni Weekend Brings Much Entertainment and Excitement

L
Although the weather was poor for the last day of the weekend, there were many activities held indoors for the students to attend, such as the art exhibits, and the immensely popular Jazz Concert, featuring pieces by student composers.

- Carrie L. M. Stull

Freshmen Cheryl Lukeski and Curt Stanto visit the student art exhibit located in Faus Lounge.

Most campus organizations sell food at the Spring Arts Festival, as their main fundraiser for the year.

Cartoonist Gene Mater draws portraits of some students on Spring Arts Sunday.

## Seniors

For form years. the members of the Class of 1998 have worked hard and believed in themselves and one another. They have experienced the jows of lriendship, snccess. change, and comforl. bint most of all, the warm, glowing fecling ol' security that proteclively survomuls Lebanon Valley College. These voung men and women have persevered and have been able to first discover themselves, while within the bomndaries of the school, and then the world aromind them, as the doors slowly opened, inch by inch, preparing to relcase them into their future. Now, as they experience both the joy and the sorrow of departire, they lake the memories of their experience and ceducalion at Lebanon Valley College with them. knowing that they will forever be cherished and reflected upon.

- Carric I. M. StuII

## Lebanon Valley College Class of 1998

## Faculty

The Faculty, Administrators, and Staff members at Lebanon Valley College leave a particularly strong impression on each of their students. They provide encouragement and expertise in their specific fields, while at the same time expecting dedication and hard work from each student. Professors teach not only "textbook cducation," but also lifelong skills needed for survival in the "real world." They attempt to prepare students for their lives after graduation. Their goal is to pass on knowledge to students so that every LVC graduate has the chance to be successful. Because they work so closely with each of their students, the professors offer unparalleled opportunities to the people they teacll. The professors at Lebanon Valley leave a lasting impression on their students' minds and in their hearts.

## New Professors Join the Lebanon Valley Faculty

With a note to record, a strategy to teach, and a theory to ponder, Mr. Jeff Snyder, Dr. Donald E. Kline, and Dr. Eric Bain-Selbo, respectively have begun their first year here at Lebanon Valley College. Hoping to bring their experience and knowledge to campus, these men are three of the six new, full-time professors beginning or continuing their careers at The Valley.
Mr. Snyder, the most recent professor to join the Music Department, as the Assistant Director of Music Technology, and Dr. Kline, Assistant Professor of Education, Blair's
other major department's newest faculty member, have important characteristics in common

Both professors feel that they have much to offer their students because their many years of experience enable them to share with their classes what real life is like in the career world today

As Mr. Snyder said, "I think I can bring the music industry to the students in a practical sense.'

Dr. Kline agrees. Having taught chemistry and physics at Annville Cleona High School, "My goal is to pass on what I've learned over the last

30 years in the classroom. I can give students first-hand experience - I've just been there.'

Dr. Bain-Selbo, Assistant Professor of Philosophy and Religion, has much to offer his students as well, and according to him, "I find every class a learning experience. I'm constantly learning from the students.

These three professors' enthusiasm about beginning the year here at LVC and their hopes to become both academically and socially involved will certainly contribute to the growth of LVC.

- Erin Rabuck

## New Professors Comment on LVC and Its Students

$T$he psychology department has added Assistant Professor Dr. Kerrie Laguna to its full-time teaching staff, and Dr. Jenny E. Dorrington and Dr. Patrick Brewer have joined the math department as fulltime assistant professors
Dr. Laguna said, regarding her new position, "This is an ideal job in a lot of ways - the students here, the location, LVC's reputation - everything fell into place." Dr. Dorrington was hoping to return to the East Coast to work at a "four-year, relatively small college," while Dr. Brewer would only apply at a "small liberal arts college in a rural setting," although he had no
specific area in mind. One of the most impressive characteristics about LVC that the new professors commented on was, according to Dr. Brewer, its "student-centered ideas." He continued by saying that the faculty members here "feel teaching undergraduates is important - that is a rare and wonderful attitude.' He speaks from the experience he had attending larger universities where the students are not the school's top priority.
Dr. Dorrington also remarked that, " 1 find the students very willing to work here, which is a contrast to some of the other schools at which l've taught." She said that in the
future, after she gets to know her math students better, she would either like to teach a subject not in the regular curriculum or work with students doing individual research. Dr. Laguna said, "I'd like to get to know the students personally, not just as faces in the crowd.' She has high expectations that she will be able to teach her students to "sort through all of the popular information related to psychology and have a sense of what is valuable and what is not. This is the theme that unites my teaching.

These new professors will certainly contribute greatly to LVC's success.

- Erin Rabuck

## Athletics

you will never know the meaning of the word "teamwork" mnless you attend an LVC athletic event. Once youl cross the bridge to get to the William H. Armold fields, you will see the very best in terms of athleticism, scholarship, and character. The school year of 1997-98 was mo exception.

In field hockey, there were standouts such as senior Casey Iezzi and team, who were MAC champions; in basketball, there was Andy Panko and team, who were ECAC Division III Soulhern Regional champions. Each of the members of their respective teams Ihroughout the year gave the team their all and made LVC proud. It is the hard work put forth by every LVC athlete and their teammates that consistently gives them the Inrill of knowing that every effort was invested in their success.

\author{

- Joshua N. Lindeman
}

Anew football season, new situations, and a new coaching staff may be the change that will give a boost to the Flying Dutchmen's 1997 strategy to succeed. Head coach Dave Murray and assistant coaches Mark Brezitsky, Michael Cerasuolo, Bert Conklin, Cary Moyer, Jason Pettice, and Matt Schell are working together with the nearly 80 member football team to make this season the start of a winning tradition.

Although there is "no magical solution to success, if we work hard everyday, we will get better everyday," said Murray. This hard work
is making the transition to a new year smooth for both the coaches and the players. Senior Win Heisey said that even though there has been little time, adjustments are happening. "It seems like things will work well," said Heisey. Murray echoed this statement by saying that it has taken time, but that the "team is working extremely hard. We have outstanding student athletes in the program which are enjoyable to coach.
"The intensity level is higher, and people are enjoying it more. There seems to be a new enthusiasm for the game," said Heisey. - Ellen Gehr

## Cheerleading

## Squad Members Work Hard to Get Audience Excited and Involved

When talking about teamwork, it is necessary to mention the cheerleaders because they are responsible for getting the crowd together in cheers and chants for both the football and basketball teams. Their positivity and encouragement during the athletic events entertains the crowd and motivates the team members to put forth their best effort. Although small in number, the fall and winter cheerleading squads definitely got crowds riled up, while working hard to improve their routines and stunts even more than before.

Under the leadership of senior
members such as Jason Lausch, Kim McCabe, Greg Wilson, and Cameron Manahan the team progressed steadily, game after game. Those seniors, along with all of the other members of the squad proved that cheerleading is most definitely a sport, deserving of recognition, particularly because of the quantity of time and energy it requires. Only one aspect of cheerleading is that original dance routines need to be designed, learned, practiced and then performed under the heat of the moment at events. Fortunately the cheerleaders have been successful at accomplishing their goals.

- Joshua N. Lindeman

During the Annual Homecoming Weekend celebration, the crowd watches both the football game and the cheerleaders. Members of the squad concentrate on the action of the game.

During the Winter Season, Jason Lausch cheers at one of the basketball games in his fourth and final year on the squad.

The cheerleaders work hard to prove that their squad has improved throughout the year.

# Field Hockey LVC Field Hockey Team Enjoys <br> Field Hockey LVC Field Hockey Team Enjoys Extremely Successful Season 

 Extremely Successful Season}

$T$he women of the Lebanon Valley Field Hockey team worked perfectly together in the 1997 season. fectly together in the 1997 season. record. Due to the team's hard work and excellent sportsmanship, LVC qualified for the NCAA Division III Championships and, while there, advanced to the Final Four. This season was the finest in LVC athletic history, not only because of how far the school advanced within the division, but also because our campus was the home of the NCAA Final Four. Excited for the players, LVC students showed up in massive numbers to every game posqualified for the NCAA Division in ese
sible.

Throughout the season, the list of individual awards grew to over a page in length: captain Cori NOIen participated in the MAC commonwealth League All Star 1st team. One of the highlights of the season was when Casey Iezzi, forward, made it to the GTE Academic AllAmerica College Division Women's Fall/Winter At-Large Team. Other senior contributors were captains Tanya Sangrey and Erin Schmid, both leaders in goals and assists. Becky Elliot and Joanna Bates were also recognized as distinguished athletes.

- Joshua N. Lindeman

Senior forward Casey lezzi watches the action, hoping to take control of the ball. Alicia Fioravanti, also a forward, scrambles to keep the ball away from the opposition.

Cori Nolen concentrates on carrying out the play at hand.
After winning the game, Becky Elliot and other members of the team congratulate each other.

## Volleyball

## Lady Dutchmen Make it to Semi-Finals in Women's Volleyball Tournament

On Saturday, September 20, 1997, over fifty ladies gathered together in Lynch Gymnasium to participate in the fifth annual Flying Dutchmen Volleyball Tournament. The participating teams included Delaware Valley College, King's College and Ursinus College among others. LVC played exceptionally well in the tournament, making it to the semi-finals. Coach Wayne Perry was pleased with his team. He said, "We played ten games. Six of them we played very well, and four of them we just couldn't get through." Coach Perry felt that the team had a good defense, and good serving.

What he feels the team needs to work on is passing the ball.

LVC's first preliminary game was against St. Mary's College. They were able to defeat SMC in the 1st game, but lost the 2nd and 3rd games.

Eventually, LVC advanced to the semi-finals to play DVC. In the first game, in spite of the hard work of sophomore center Greta Paucek, LVC lost with a score of 15-7. LVC started the 2 nd game with power, taking a 5-0 lead, including an ace by center, freshman Allison Kabat. Despite great defense, DVC was able to win with a score of 15-11.

- Vincent D'Aniello

Coach Perry checks the score of the game being played on the court

[^0]

## 1. Men's Soccer

## Men's Soccer Team Victorious During Family Weekend

O$n$ the Saturday of Family Weekend, the Lebanon Valley College Men's Soccer team defeated King's College 2-1. Despite the victory, head coach Mark Pulisic was very disappointed in the team. He feels that LVC is a much better team than KC's, and the game should have been better than a 2-1 victory. "KC should not have been in the game," he said. Coach Pulisic felt that the problem with the team was keeping a good performance throughout the game.

The game began with an even match up. Both teams took turns attempting to mount an offense,
and the respective team would successfully defend. Some good offensive attempts were executed by LVC players such as defender, sophomore Adam Johnston, and midfielder, junior Cory Thornton. Finally, team captain Chris Hartman scored a goal, assisted by defender Larry Larthey Jr. With 7:19 left in the half, he scored another goal, this time assisted by Johnston. After the half, LVC had 17 shots on goal, and KC had only 2. Although KC tested LVC's defense, LVC did a good job defending including some good defensive maneuvering by players like Nathan Wade.

- Vincent D'Aniello

Midfielder Jason Piazza runs quickly to maintain control of the ball.
Adam Johnston, a sophomore, prepares to pass the ball to a teammate.

In his final year at LVC, forward Steve Raab works hard to bring success to Lebanon Valley's team.

Newcomer, Eric Gervase is one of many freshman who contributes greatly to the team.

Co-Captain Chris Hartman stretches to maintain control of the ball. Cory Thornton watches closely to see where the ball will land.

# Women's Soccer <br> Women's Soccer Team Falls to Susquehanna University 

O17 Saturday, October 4th, the Lebanon Valley College Women's Soccer team lost their MAC Commonwealth League match to Susquehanna University at a score of 16-1. The team has yet to win a league game and their overall record is 2-7.

The game began with both teams alternating on offense, with the respective team defending, until finally Susquehanna managed to get one past LVC's defense. After the score, Susquehanna played strong defense, keeping LVC from getting near the goal. After Susquehanna's second goal, LVC continued to have
difficulty getting past the defense. Some good attempts were made, however, by players such as midfielder, senior captain Christina Henise.

In the beginning of the second half, LVC played more aggressively. They played good defense, and were able to mount a more powerful offense over SU. Finally, with 32:38 left in the half, back, freshman Michelle Hartman put the ball in the goal, making the score 3-1.
It was not a terrible day for goalkeeper Michele Weber. Despite the six goals that got by her, 22 of them did not.

- Vincent D'Aniello

Danica Brown pushes the ball closer and closer to the goal. Senior midfielder Michelle Luecker throws the ball back into play.

Serenity Roos attempts to get the ball past a member of the opposite team.

Senior Chrissy Henise stops the ball and skillfully reverses its direction.

$*$

Talitha Meyer tries to guess how close to her the ball will be when it lands.
Senior forward Jeanette Tobin runs after the ball to maintain control.

# Cross Country <br> <br> Team Hosts LVC Invitational 

 <br> <br> Team Hosts LVC Invitational}

Fort Indiantown Gap Warm temperatures and sunny skies set the stage for the LVC cross country teams' one and only home meet of the year - the Lebanon Valley College Invitational, held Saturday, September 13, at Memorial Lake State Park.

Both women's and men's teams placed fourteenth teamwise, the women competing against 24 schools, the men, 25 . The College of New Jersey claimed both team titles.

Leading the charge for the Lady Flying Dutchmen was fresh-
man Melissa Black, who completed the 3.1 mile course in 21:42, good for an impressive 40th place finish.

Another freshman, James Mentzer, led the way for the men's squad, covering the 5 -mile course in $28: 44$, 49 th out of 246 total runners. Sophomore Pete Lobianco came through with a 54 th place finish.
'I felt good; there were a lot of people, but it's a nice course, running over the dam and everything. It's a tough course, but it was a great day," said Mentzer. - Braden Snyder

造

Freshman Anna Malocu runs in one of her first collegiate invitationals.

Members of the Men's Cross Country Team prepare to begin their run.

Norton finishes 66th at the LVC Invitational.

Junior Cindy Perroth warms up before the race begins.
At the LVC Invitational, senior Jason Badman finishes 202nd with a time of 34:23.

## Women's Tennis Team of Six Works to Improve Attendance

$T$he lady dutchmen look for team support, reliability and availability for all the matches this season, as they have come into it with only six players on the roster. With six singles and three doubles that means a "no-show" equals a forfeit loss.

However, for the first three matches of the season, the girls all attended, and the results weren't bad at all. The lady dutchmen are 0-3, but with losses against well respected teams, including a tight 5-4 loss against King's College. The rest of the season should fare much better.

Coach Myers said, "Well, this season shouldn't be too bad, as long as our players can make it to every match. Actually, we improved over last season, despite the shortage of players this year.'

The lady dutchmen singles line-up consists of Misty Piersol at the \#1 position, Karlin Schroeder at \#2, Melissa Fritz at \#3, Stacey Helhowski at \#4, Brandie May at \#5 and Tara Casimiro rounding up the line-up at \#6. With only six players, the idea of "team concept" should play an important role with the team this season.

- Christopher Dean

In one of her last matches, senior Melissa Fritz, follows through and waits for the return.
Schroeder jumps to make a shot.

# Dutchmen Overpower Number Six Ranked Wilkes University 

After an up and down week featuring two wins in four tries, the men's basketball team took their frustrations out on February 9 th on the sixth ranked team in the nation, Wilkes University, winning 104-78.

Leading the way for the Dutchmen were All-American Andy Panko and inside force Dan Pfeil, Panko led all scorers with 25 points and added 10 rebounds, while Pfeil contributed 12 points and grabbed a game high 11 rebounds.

What made this blowout possible, though, was a total team effort Keith Phoebus and Joe Terch con-
tributed 18 and 12 points respectively. Steve Horst and Ross Young also added 7 points apiece, and Jason Vogtman hit the Colonials up for 9 points.

After a rocky week on the road, with losses at Moravian and FDUMadison, the Dutchmen were happy to be back in the friendly confines of Lynch Gymnasium. Even with the rough week, the Dutchmen still hold a one game lead in the Commonwealth League of the MAC.

Also, Panko was named to the ECAC honor roll for the week of February 3rd in the Metro region. - Eric White \& Ray McCarty

Sophomore center Dan Pfeil searches for a teammate to pass the ball to. As his opponent tries to take possession of the ball, Andy Panko prepares to pass the ball to an open teammate.

# Women's Basketball 

## Women Follow in Men's Footsteps, Ending Fourth in MAC

$T$he Lady Dutchmen closed out the regular season with a bang winning three games straight, and also ended the MAC season tied with Moravian College for 4th place. The team's $16-7$ record is believed to be the best ever in school history
When looking at the table of results that the Lady Dutchmen have achieved, outstanding players were fourth year players and seniors Kathy Ziga and Tricia Rudis, Ziga being the high scorer in about seventy percent of the games played. Also, Rudis was the leading rebounder with 8.2 rebounds per
game. Chrissy Henise was the top player in assists throughout almost eighty percent of the games. Melissa Brecht, Henise, Serenity Roos, and Ziga were all named the the MAC Winter All-American Team.

Peg Kauffman, the team's coach in her fifth year, led these girls to a record-setting season. Kauffman, along with her three senior captains, Chrissy Henise, Tricia Rudis, and Kathy Ziga, who were each in their fourth and final on the Lebanon Valley team, brought in a 14-7 overall record for the season and a 6-6 Leagues record, for the women's basketball program

- Joshua N. Lindeman

While running past obstacles on the court, Serenity Roos manages to maintain control of the ball.

Senior co-captain Kathy Ziga surveys her position and prepares to take a shot.

## Swimming

## Swim Team Works Hard to Improve Skills Throughout the Season

Lebanon Valley's swim team once again met the challenges of two very competitive teams this week. Their first, at home, was against Drew University. In the face of the opposing team's immature antics, the Dutchmen stayed strong and although they did not win in the meet, won in maturity

The men's team kept up with Drew fairly well but in the end came out with a score of 34 to Drew's 77. Highlights include Damon Davis coming in second in the fifty meter freestyle with at time of 27.88. This time ensured him a place in MAC's.

Keeping up with the men, the women remained strong but lost with a score of 63 to Drew women's 104. Leading the fight with third place finishes were Katie Riddle in the 50 meter freestyle; Shannon Feather in the 200 meter individual medley, also qualifying for $\mathrm{MAC}^{\prime}$; Kris Haines in the 100 meter backstroke; and the relay team of Katie Riddle, Janel Dennis, Kris Haines and Jessica Kindt.

The dutchmen also went away to Widener University, where the men scored 12 against Widener's 106 points, and where the women unfortunately lost 29-107.

- Tracie Miller

Sophomore sivimmer Kristina Haines tries to overcome her opponents the race and win the freestyle event in order to secure points for LVC

## Wrestling

## Dutchmen's Loss Against Elizabethtown College Upsets Season

$T$he Lebanon Valley College wrestling team traveled to King's College on Saturday, February 7th, for a tri-meet which also included nationally ranked Elizabethtown College. Unfortunately, the team suffered two losses, losing 40-8 to King's and 42-15 to Elizabethtown. The lone bright spots were the performances of Ted Kemmerling and Kris Bailey, who each went 2-0 on the day.
Against Elizabethtown, Kemmerling and Bailey each received forfeits. The other Dutchmen points came courtesy of Louis Chandler, who decisioned Rich Buchwald 9-4
at 124
Against the hosts, Kemmerling gained a 27-11 technical fall win over Alan Mosca at 150 pounds. Bailey picked up an 8-2 decision of Liam Kingdon at 167.
Earlier in the week, the Dutchmen hosted Gettysburg College in a non-conference meet and came up on the losing end again by the score of 43-6. Again Kemmerling won his match, but he was given his stiffest test of the season, downing Chris Beck 10-8.

With three losses the Dutchmen finished the regular season with a record of 2-13.

- Kirk Yagel

Joe Howe skillfully takes the upper hand in his fight to win.
After a long match, the referee finally raises Howe's arm in victory.

## Baseball

## LVC Baseball Improves from 1997; Seniors Shine Throughout Season

$T$he Flying Dutchmen closed out their 1998 campaign with three more wins than in 1997, making head coach John Gergle proud of his fourth season with the team. His two assistant coaches, John Gabriel and Joseph Yacklovich contributed advice and leadership to the team as well.

Senior Jon Fetterman was captain of the squad this year and had one of the highest batting averages. Another senior, Doug Speelman, was a perfect 3-3 at the plate this season, giving him the highest batting average of his career.

Once again, the team also trav-
eled out of state during break for spring training. This year, the trip was made to Florida, where the Flying Dutchmen had the opportunity to play against teams such as, Christopher Newport, Loras College, Northwood University and the College of West Palm Beach.

Overall, the club came in with a successful10-18 record for the season, and an 8-6 MAC Commonwealth League record, playing against schools including Millersville, Juniata, York, Alvernia, and Gettysburg. Lebanon Valley finished third in the MAC, five spots higher than expected for this year. - Joshua N. Lindeman

The players gather on the pitcher's mound to discuss their next strategy.

Catcher Mike Kocher puts on his equipment and prepares to go back into the game.

## Softball

## Women of Softball Team Complete Best Season in Lebanon Valley History

$T$he final game of the season versus Moravian proved to be a tough one for the Flying Dutchmen, but Lebanon Valley held together and completed the season with an 18-20 overall record and a 6-8 MAC Commonwealth League record. Even before their last game, the team had already won five more games than any other team in school history.

Freshman Jessica Landis came off the season with the highest batting average but she was not that far ahead of senior members Christina Henise, co-captain and Jeanette Tobin, both with high batting aver-
ages. Pitcher, co-captain, and sophomore Amy Zellers was a highlight of the season, as well, having the lowest ERA.

Although the team will lose two top players, seniors Chrissy Henise and JEanette Tobin, the coaching staff and the players look forward to having an even more successful season in 1999. They hope to build a tradition of improvement, going from a record of 13-14-1 in the 1997 season, to the current record, to one even more impressive.

The team also traveled over spring break, and played against teams from schools such as LaSalle. - Joshua N. Lindeman

Senior Chrissy Henise and her fellow teammates prepare to take their positions in the outfield.

Amy Zellers winds up for the pitch.

Freshman player, Brandie Nay fields the ball in one of her first collegiate games.
Short stop Kelly Pannebecker passes the ball hoping that the runner will be tagged out.

$T$he LVC track teams, armed with four NCAA Division III national qualifiers, will make another run for the MAC team championships on Friday May 1st and Saturday, May 2nd at Widener University.

The fight for the gold should be a nip and tuck battle on the men's side. The Flying Dutchmen appear to be in a position to win their first MAC track and field title ever, after back-to-back victories over rival Susquehanna. After edging them out by seven points at the Dutchmen Invitational on April 4, the Dutchmen then went on to squeak by the Crusaders by one
point 123-122, in winning the Messiah Invitational.

Senior Tony Bernarduci returns to defend his MAC title in the javelin. The three time national qualifier is ranked second in the javelin in Division IIl.

The women's squad will be in the hunt of the team title as well. The team will be fronted by sophomore Ann Musser, who placed first in both the shot put and discus throws at last year's outdoor MAC meet, and won her second MAC indoor title in the shot put this winter. The two-time All-American is ranked fifth in Division III in the discus and eighth in the shot put.

- Braden Snyder

Sophomore Ann Musser winds up for a throw.
Rick Hopf attempts to clear $6^{\prime \prime} 9^{\prime \prime}$ in the high jump.

Senior Dan Palopoli paces himself during a distance race.

James Unger pushes himself to complete a successful jump.

Freshman Kelly Ulrich tries to regain her breath after a long run.
In one of his last meets, Tony Bernarduci prepares to throw the javelin.

## Men's Tennis

## LVC Tennis Team Finishes 11-17

$T$he LVC Men's Tennis team did something this year in league play that they haven't done in a long time. They lost. It took three gruelling seasons, but Albright, Messiah, and Elizabethtown finally exorcised the demons and exacted revenge on the LVC squad.

Despite losing their first match to Moravian in 1995, the men's tennis team rebounded to win their last five matches of the season. They continued their innerleague dominance all of last year as well, destroying their oppo-

nents and finishing undefeated, $6-0$. This year, such luck was no on LVC's side.

After starting the season 2-0, with wins against Moravian and Widener, the men's tennis team ventured into unchartered territory, keeping a 130 game innerleague win streak intact. Unfortunately for LVC, losses to Albright and Messiah, toward the latter part of the season, sealed the team's fate. The team ended at 3-3 in the league on the season.

- Christopher Dean

Senior Sean Quinn follows through after returning the ball.

Dave Ferrari looks up to a high ball, and prepares to send it back to his opponent.

Brock Ford pushes himself to earn points during his match.

Quinn takes a few practice swings before he begins.
Josh Shellenberger opens the match by preparing to serve the ball.

## Golf

## 1998 Team Breaks Records in MAC Competition

Coming off an overall record of 7-7 in the regular season and 3-3 in the MAC Commonwealth League, the 1998 Golf team was ranked in 3 rd place (missing 2nd place by only 5 strokes) in the MAC Championships. This LVC's highest finish ever in the MAC Championships and 8 places better than last season's 11 th place final result.

LVC senior Mike Uhler was 10 th overall in the

MAC Championships, earning himself a top 10 medal. Uhler had one of the lowest rounds in the regular season, too. Also receiving a MAC medal was freshman member John Brennan who finished the regular season with the lowest average game. LVC says goodbye to six senior members of the team, but the 1999 season is just around the corner ready for new faces and another great performance. - Joshua N. Lindeman

Jeff Kashiwagi concentrates on the lining himself up perfectly,
Dan Brickley makes his way through the course.

## Programming Board Attends Conference in Syracuse

On the weekend of October 23rd-26th, six LVC students accompanied by Jennifer Evans and Dave Newell were thoroughly entertained and educated at the Stardate ' 97 conference in Syracuse, New York.

At this conference, representatives from other colleges and universities participated in various programming workshops and spent their time being critics to a line-up of comedians, Coffeehouse singers, speakers, and various bands.

The weekend provided suggestions for campus programs that seem to be failing or never getting off the ground. Chairperson of the Programming Board, Amanda Lee said that she wants people to know that she is in the process of organizing the ideas that she learned in one of the
educational workshops offered.
An important phase in the search for the best comedians, singers, speakers, and bands includes narrowing down the field of performers in terms of economics. Since the majority of the programs range from $\$ 1,200$ to $\$ 1,500$, many times it is nearly impossible to get all the best acts for our budget. Lee commented, "I was very excited to see the interest of the other five students and two faculty who accompanied me on this trip. I hope that this kind of enthusiasm continues in the future.'

The conference offered the LVC representatives a chance to see what is out there and discuss the ways these programs can be successfully incorporated into the campus calendar. - Kate Clark

## Group of Students Plans Second Trip to Circleville

Agroup of 45 LVC students are planning to take a trip to Circleville, West Virginia to build houses as a part of Habitat for Humanity. This year marks the second year that a group from LVC worked at the Habitat site in Circleville.

Elspeth Shumway is organizing the trip this year and said that they are going to Circleville because "it is one of the poorest and most depressed areas in West Virginia." She also added that "about half of the houses in Circleville don't have electricity or running water." While the group is there, they will be helping with the building and renovation of houses. Some of the houses have been started, while others just need some finishing touches. The group will be assisted by 10-12 plumbers,
electricians and other experts who will be there for assistance.

Sophomore Kate Laepple went to Circleville last year and said the experience was "really uplifting because you were helping someone else who never had a house before get their first home." She also added that some of the people for whom the group built houses for were living in trailers or their houses were destroyed and she commented that it was a good feeling to watch the families get their own house.

In addition to the Circleville trip, the group also travels to Harrisburg on the second Saturday of every month, where they mostly work on renovating houses.

## HIS Celebrates Contemporary Christian Sounds

$E$very Thursday night a group of eight students meets for dinner at Mund College Center to discuss the business aspects of their band, "He Is Savior, better known as H.l.S. This contemporary Christian band's mission for over fifteen years has been to lift up the name of the Lord Jesus through song. The group keeps this theme in mind when they select their musical programs. Their musical sets usually consists of a variety of praise songs with both fast and slow tempos.
H.I.S.'s concert tour is compiled of many performances at various churches as well as at LVC's Spring Arts celebration.
Besides diverse music, there is also a variety of musicians, each whom offers his or her own unique

styles. Jared Spidel, the band's president, also displays his musical ability on stage as the bassist while Matt Stone plays the guitar. Doug Calaman can also be heard pounding on the drums when he is not busy coordinating the show as the music director. Sitting off on the wing is Hilary McLaughlin, the pianist, who plays the sweet melodies for the three singers: Heather Strunk (alto), Ken Horst (bass) and Trent Hollinger (tenor).
H.I.S. is not a band about profit. "It's all bout showing people that praising God can be a lot of fun, explained Strunk. "My spiritual gift is in music, and 1 want to share it with others by spreading the word of God," said McLaughlin.

## Music Department Recitals

## Students Bring Quality Entertainment to Campus

Blair Music Center is famous for the events it offers throughout the semester. During recital evenings, it is not uncommon to see the music halls packed. Students and faculty agree that these recitals are a success.

According to Dr. Mecham, there are several layers of recitals that students perform, including campus recitals, public recitals, or half or full recitals. All music majors must perform in at least one campus recital. Professors nominate students for half and full recitals. They meet in the spring to formulate a schedule of
who will be performing for the following semester. The half recitals run for 30 minutes and the full recitals run for an hour. The credit a student gets for participating in one of the recitals goes toward private lessons.

In the past, the recitals have been known to perform for larger than expected audiences. "I think the audiences are good, Dr. Mecham commented. "The advertising is good. We get coverage in the Courier, La Vie, and also in the local newspapers. There is also a marquee up in Blair where students can see up to two months of events posted."

Students have different reactions to the crowds. "There are a lot of campus recitals going on. Guests are minimal, though, Hilary McLaughlin, a music major, responded.

Opinions regarding the numbers attending depend on how the performers are feeling during the day of the recital. "Most of the crowds are music majors, which is good when people get nervous, however, at some of the larger events we have a pretty good crowd," Amy Vituszynski, also a music major, replied.

## Concert Choir

## Concert Choir Tour

## Choir's Talent Entertains Audiences in Five Cities

From the 27 th to the 31 st of March, the members of the LVC Concert Choir traveled to five cities on the annual choir tour. Following their successful Home Concert, given only a week earlier, the group visited churches in Virginia, South Carolina, Georgia, and Pennsylvania to perform their vocal selections.

Along the way, the musicians
had the opportunity to visit Centennial Olympic Park and other sites in Atlanta, Georgia, as well as the beautiful and historic Colonial Williamsburg. A highlight of the tour was the chance to perform in a candlelit service in the Bruton Parish Church in Williamsburg.

On two occasions, the students were lodged with host families, many of which took the time to
introduce their guests to both the culture and the sights in the area.

The music performed ranged from Leonard Bernstein's Chichester Psalms, to English folk songs such as Down Among the Dead Men. The selections and the students were extremely well received by the audiences, making the concert tour a great success. - Carrie L. M. Stull

Seniors Artie Vespignani and Brooke Anderson get swept up in the history of Colonial Williamsburg.

Alto Michelle Kercher takes a few moments to relax while the risers and instruments are being set up.

Amy Schimpf and Kate Wilson enjoy the playground equipment during a stop in Aiken, South Carolina.

The Bruton Parish Church, located in Williamsburg Virginia, is one of many historical landmarks the the choir visited while on tour.

## Music Recording Technology Department

## Music Recording Technology Department Makes Advancements and Increases Opportunities for Students

$T$he Music Technology Program has made revisions which will soon have LVC taking its place in the music industry with such well known school as Berklee School of Music.

Over the past five years Mr. Barry Hill, Director of the Music Technology program has built this program up to the level it is at today. According to Mr. Hill, the main idea behind the music technology program is "to show students opportunities in the music and entertainment industries by learning musical skills and learning how to use technology to produce entertainment product information - it's not just making records anymore.

However, not until Mr. Jeff Snyder, the new Assistant Director of Music Technology, brought his connections to the music industry, did LVC make further technological advancements in this area. According to Mr. Hill, the "entertainment industry is based on networking and Mr. Snyder brought this to LVC.

Before Mr. Snyder came to work at LVC he had a relationship with a global company called Tascam, a large producer to technological products for the music industry. When he became a professor here, Mr. Snyder spoke with people at Tascam about exploring the future possibility of LVC and Tascam work-
ing together.
In preparation for the coming semester Mr. Hill and Mr. Snyder completely remodeled the Music Technology Department, located on the third floor of Blair. Recording Studio B, or a recording studio/classroom, is now a fully functioning studio which can hold an audience of 30 people. Mr. Hill said that they needed a classroom/studio which could accommodate larger classes because of the increase of Music Technology majors. A digital audio work station/classroom is another new room. Many new pieces of equipment that are used in the music industry today were added to the department's new rooms. It was not until the Friday before classes began that these rooms were completed.

Mr. Hill and Mr. Snyder agreed that they spent at least 1000 hours during the hot summer building and setting up the Recording Studio $B$ and the digital audio work station. They began planning for these rooms by laying out general floor ideas and drawings, then slowly working to the finished products. They saved LVC tens of thousands of dollars by doing this work themselves.

Having new equipment that is actually used in the music industry is very important to these two professors, and according to Mr. Snyder, "we want students to be
able to walk out of here and be able to find a job in the music industry itself, in a number of areas.

Although it has not yet occurred, sometime in the near future LVC will be receiving equipment from Tascam in exchange for "offering to educate future industry professionals for them," said Mr. Snyder.

According to Mr. Hill, "the uniqueness of this program is that it is a two-way street." If students can use Tascam's equipment, it will be a positive thing for students in gaining experience as well as for Tascam because they will have prospective employees who are already very knowledgeable about their products.

Jason Slenker, a senior Music Technology major, remarked, "The recent changes in the Music Technology program are really exciting. The program will definitely provide promising futures for students after graduation. - Erin Rabuck

## Greek Life

$\tau$he traditions that remain the backbone of all greek organizations are the same lraditions that allract new members to the fraternilies and sororities on the Lebanon Valley College campus. From ammal events such as Greek Week to the vearly occurvences during the month of pledging, the greek happenings on campus always manage to draw new students into the greek family on campus.

Open socials and smokers are designed to introduce prospective pledges to the fraternities and sororities, as well as to acquaint the current members with the people who will carry on Iheir Iraditions in years to come. And, pledging is a month long experience which teaches and reminds everyone of the significance of brotherhood and sisterhood for every greek organization.

## Greek Council Plans Events for the Fall

$L$ebanon Valley College's Greek Council welcomes all new and returning students to campus for the Fall 1997 semester. Greek Council hopes that this will be an exciting year, especially for freshmen who are experiencing the many facets of college life for the first time.
"Meet the Greeks," which was the first chance for many freshmen to become acquainted with Greeks on campus, was held Tuesday, September 3, 1997 in the West Dining Hall. Greek Council considers this event a great success, but would like to remind stu
dents that there will be more chances to experience Greek life here at LVC.

Throughout the semester, the Greeks will be sponsoring many open socials and opens smokers on campus. These events give students a fun evening away from textbooks and computers and the chance to meet new friends. Both the fraternities and sororities on campus invite all students to attend the fall socials and smokers. Greek Council President Chrissy Fritz also suggests that all Greeks wear their letters on Fridays, so they can further promote Greek organizations at LVC. - Tonia Cuff

## Pledging

## Pledging Update Reveals "Knight's" Plan to Donate Funds

There is not much new to say about what has been going on with pledging. Pledges participating in all types of activities can be seen and heard all over campus. Everyone is glad, though, that pledging is more than half over. Pledging requires hard work and dedication, which is becoming more apparent to the pledges every day. The problem that most pledges are experiencing is time-management. Mandatory study halls attempt to
combat this problem, so that in the end everyone will be much better at balancing their time.

One special activity coming up is the Lip-Synch sponsored by the brothers of Kappa Sigma Kappa. All of the details of the annual Lip-Synch have finally been settled. It will be held Tuesday, February 17, in Leedy Theater. Admission is $\$ 1.00$ and it is open to the entire campus community. Proceeds from admission go to the Sunshine Founda
tion. "The Sunshine Foundation is a non-profit organization whose goal is to make the dreams of children with life threatening illnesses come true, whether it be to go to Disney World or to meet their favorite professional athlete," explains Justin McCall, President of the Knights of the Valley. McCall urges everyone to "come out and support not only Greek Life, but also the Sunshine Foundation.

Kelly, This is it! We're proud of you \& wish you the best in the future! Love, Mom \& Dad

## LVC Welcomes the "Valley Girl"

$T$he bronze sculpture, Cuewe Pehelle, was unveiled and dedicated on grounds between the Bishop Library and Lynch Memorial Hall, which now bares the name Carmean Plaza. At the ceremony, Audry Flack, sculptor of the statue, President Pollick, and the benefactors, Dr . D. Clark and Edna I. Carmean spoke about what the statue represented and brought to each.

She's a spirit of this valley - 1 hope she's a spinit of this college - of all of you," Flack stated as she spoke of creating her "valley girl," as she affectionately called Cuewe Pehelle. Flack spoke of dreams she encountered about leaving hêr statue and giving it up to the school She spoke of how much time and energy she spent in creating the piece. I created this piece specifically for you - for the Lebanon Valley and everyone in it.

The statue's name, Cuewe-Pehelle, is the original form of the word "Quittapahilla," which not only names the stream which shaped the Lebanon Valley and still lies just beyond campus, but means"a stream that
flows from the ground among the pines." The statue stands seven feet above the base on which she stands and her arms are extended as she appears to be taking a step toward onlookers. She weighs 650 pounds and is cast in bronze with gold accenting belt wings and headdress of corn.

As the wind continued to tug at the purple draping, the only covering which kept the audience from their first glimpse of the statue, President Pollick exclaimed that "the gods are eager they are not going to wait for us." Unveiling was assisted by the Carmeans, to whom the sculpture was dedicated. Edna Carmean spoke, "Isn't she beautiful? She's not just for one generation - she's for the ages. She will be in this spot when all of us have departed this earth. Her husband, D. Clark Carmean continued, "the Quittapahilla means a lot to us. IMm glad she is here now to supervise the activities, and I hope the college becomes the heart of the county and is available to all of you and all of Lebanon County." Flack also explained that she hoped
the sculpture would at tract visitors in the central Pennsylvania area "but really, she's for you," she concluded.
Flack is a New York sculptor who is well known for her goddess figures. She appeared at the college in March of 1996 when her work, entitled Women as Myth makers, was featured at the Suzanne H. Arnold Art Gallery. Her career spans five decades and in recent years she has been commissioned for tyo major civic monuments, one in Rock Hill, South Carolina and another (in progress) to Queen Catherine.
The Carmeans have been active members fo the college as teachers, administrators, and col lege historians for over sixty years. The couple which resides in Ann ville, are members of the Vickroy Society, serve as honorary co-chairs of the college's Toward 2001 campaign, established scholarship endowment for students studying and performing string music, and made a $\$ 500,000$ gift to establish the D. Clark and EdnaI. Carman Distinguished Chair in Music. - Annl Shockey and Jaime McClintock

# E.ditor's शotes 

To the 1997-98 Quittapahilla Staff: Thank you for your committment to making this vearbook a success, your help has been so greatly appreciated and will always be remembered. Whether in your first or third year on the staff, your presence has been priceless. I thank you from the bottom of my heart.

To my fellow officers: Your initiative and energy throughout the year has been oufstanding. Thank you for a job well done.
Special thanks to. Heather Bair and Amy Parsons for working with the book for three very long and interesting years! Your help and support was a joy and a comfort throughout his experience
To Jane Paluda, our advisor Best of luck with everything you do.
To future members of the Quittapahilla staff: Always remember to face each obstacle with confidence and with pride in your abilities because it is only your ideas and creativity hat can and will make the yearbooks impove each time they are published. Rejoice in the positive aspects of the Quittapahilla and think of the gift you are giving to everyone who urns its pages.

To Jennifer Evans, Christopher Melusky, and the LVC Student Government: Thank you for your trust and confidence in the staff, it has been a source of motivation for everyone nuolved.

Fo the following La Vie Collegienne staff members and feature writers for allowing us to eprint their excellent articles: Danielle Boileau, Kate Clark, Tonia Cuff, Vincent D'Aniello, Ann Davis, Christopher Dean, Ellen Gehr, Ray McCarty, Jaime McClintock, Tracie Miller, erin Rabuck, Cori Rife, Rayna Schell, Anni Shockey, Braden Snyder, Kelly Sonon, Eric d. White, Kirk Yagel, Jennifer Yocom, Melanie Zartman.
4. world of thanks to Mr. Robert Riley for once again being such a help to the staff.

An incredible thank you to Ed Patrick Jr., our Taylor representative, for many, many years of support and encouragement.

Chank you to the staff and photographers at DaVor Photography.
Sreat thanks to Mrs. Pam Eambert, the Senior Send-Off, Fair Committee, Mr: Robert Farnish the College Bookstore staff, Mrs. Shirley Ritter, and the staff of the Registrar's Jffice for their help.

Chank you to Pat Schools and the College Center. Desk Staff for your help during the year Po, the Members of the Faculty, the Music Department, and the Greek Organizations: Thank you once again for your help in allowing us to honor each of you in your respective. rections. Your patience and understanding throughout the process of obtaining Hotographs is greatly appreciated.

Co all Lebanon Valley College Students, Faculty Members, Staff Members, and ddministrators: There is no doubt in my mind that the Quittapahilla exists only through tach of you. Your experiences, ideas and thoughts have always laid the foundation for ach edition of the yearbook, and without all of you, and your support and willingness to ontribute, the Quittápahilla would most définitely not stánd and consistently serve as a ecord of the memories you have created I have giveir four years of my creativity, xperience, and love for LVC to this book, wishing fo help each of you remember the easons why Lebanon Valley means so much to everyone that its essence has touched and. mpacted. I hope that by reliving the menories that are recorded on these pages you will? xperience the joy that I have felt while piecing them together for both you and myself. hank you for giving me this incredible opportunity throughout my college career.
